90-36	0.024	Brown	25, 31, 37, 49, 61	97, 121, 145, 1800	500 sheets / 2 rolls	250 sheets / 1 roll
Ultra	0.035	Brown	25, 31, 49, 61	97, 121, 145	500 sheets	250 sheets

### Ask us about custom sizes!

\*67-28 and Ultra can be purchased in 37" widths, though they will have an additional upcharge.

\*\*Ultra is not available in rolls.

\*\*\*Quantities are minimums.

## PolyBak Features & Benefits

- **Formaldehyde Free Emissions Certified**
- **FSC Controlled Wood**
- **No Added Formaldehyde**
- **Class A Flame Spread Rating**
- Extremely Flexible
- Paintable
- Sandable
- Great Bonding Capabilities
- Unlimited Shelf Life
- 2 Week Lead Time

## Common Applications

**Balancing Backer**

**Overlay**

**Crossband**

**Profile Wrap**

**Veneer Substrate**

**Decorative Substrate**

## PolyBak Model Number

PolyBak part numbers are made up of two different numbers; the first number indicates the weight of the paper used and the second number indicates the amount of chemical that is used.

## What is PolyBak?

PolyBak is a kraft linerboard that has been impregnated with our proprietary polyurethane resin. The resin used is unique to the industry because it has no added formaldehyde (NAF). While it is most commonly recognized as a balancing backer for laminated panels, PolyBak is used within a variety of manufacturing and woodworking applications.
